 MartinGonzalezYu

About me

My name is Martin and I am a recent graduate in Mathematics and Physics from the Autonomous University of Barcelona. I am currently studying a master in Mathematics at ETH Zürich supported by the “la Caixa” Postgraduate Abroad Fellowship as I follow my goal of becoming a researcher in pure maths.

Education

- 2025 – Present  **Master, ETH Zürich**
MSc in Mathematics supported by the “la Caixa” Postgraduate Abroad Fellowship. Current average grade of 5.97/6.
- 2024 – 2025  **Exchange student, University of Bologna**
Part of the Erasmus+ exchange program taking courses in the "Advanced Mathematics for Applications" Master. Courses: Riemannian Geometry, Stochastic Calculus I and Advanced Mathematical Analysis with a grade of 30L/30 in all three.
- 2020 – 2025  **Bachelor, Autonomous University of Barcelona**
Double Degree in Physics and Mathematics, ranked 3rd in my class with a final (joint) average grade of 9.34 and honors in 27/42 courses.
Mathematics Thesis: *The Plateau Problem and Minimal Surface Theory: An Exposition of Douglas's Proof*
Physics Thesis: *Formation and Evolution of Topological Defects in the Early Universe*

Employment History

- Summer 2024  **Data Scientist Intern, McKinsey & Company**
Two month internship working as a DS in a 4 member team focused on the development of advanced analytics models to optimize underlying business problems. Offered a full-time position.
- 2017 – 2025  **Personal science tutor, freelance**
Working independently as a mathematics and physics tutor for kids and adults aged 9 to 20, teaching subjects all the way up to university level.

Achievements & Certifications

Achievements and Awards

- 2025  **Postgraduate fellowships abroad**, awarded one of 100 highly competitive scholarships in the 2025 “la Caixa” Postgraduate Fellowships Abroad program to pursue master’s studies internationally.
-  **PLANCKS 2025**, 2nd place in the Spanish qualifying exam as part of the *Oppenhomies Beta+* team.
- 2024  **PLANCKS 2024**, 2nd place in the Spanish qualifying exam as part of the *Oppenhomies* team.
- 2022  **Simon Marais Mathematics Competition**, 8th place by pairs in the West division.
- 2020  **Manuel Vázquez Montalbán Memorial Prize**, 1st prize for the "Treball de Recerca": *En Teo mesura la velocitat de la llum*.

Achievements & Certifications (continued)

- **UB-Santander Faculty of Physics Second Prize**, 2nd prize for the "Treball de Recerca" *En Teo mesura la velocitat de la llum*.
- **Premi de Recerca Jove**, Prize for the "Treball de Recerca" *En Teo mesura la velocitat de la llum*.
- 2016 ■ **Proves Cangur**, 6th place (tied) in the "2n d'ESO" division.

Certifications

- 2024 ■ **Data Scientist Professional with Python**, DataCamp
116 hour online course on Data Science in Python. Topics include Machine Learning, Data Analysis, Programming in Python and the use of Python libraries such as Pandas and ScikitLearn.
- **Quantitative Analyst with R**, DataCamp
67 hour online course on Quantitative Analysis using R. Topics include time series analysis and visualization, risk management, statistical modeling and financial/trading analysis.
- 2023 ■ **Barcelona Introduction to Mathematical Research Attendant**.
Summer program containing 4 seminars in different areas of mathematics and an individual research project on the proof of Hilbert's XIX problem about the regularity of solutions to elliptic partial differential equations tutored by Xavier Ros-Oton.

Skills

- Languages ■ Spanish and Catalan at native level.
English mother tongue with IELTS academic band score of 8.0 and C1 certificate at Proficiency level.
French DELF B1 certificate
- Coding ■ Python, Pandas, ScikitLearn, R, C, SQL, Git, SageMath
- MS Office ■ Proficient in Excel, Word and PowerPoint.
- Misc. ■ Research, teaching, problem-solving, $\text{\LaTeX}$ typesetting, piano playing and basic music theory.
